

THE UNIVERSITY OF TEXAS AT AUSTIN

IC² INSTITUTE WIRELESS FUTURE

A major study from IC² Institute at The University of Texas at Austin lays the groundwork for "Austin's Wireless Future." The report uncovers Austin's significant wireless assets as they relate to business, community, and public policy and identifies key actions stakeholders can take to ensure the success of wireless ventures in Central Texas. A company directory is provided here and the full report is available at www.wirelessfuture.org.

Austin Wireless Company Directory	Address	City	Zip	Website	Line of Business
@ Hand	8501 N. MoPac Expwy. 4th Floor	Austin	78759	www.hand.com	Provides work management software for oil & gas industry, utilities and facility companies. Applications: sales automation, inventory tracking. Does custom designs. American Airlines is big customer. Est. 1998.
Advanced Micro Devices	5901 E. Ben White Blvd.	Austin	78741	www.amd.com	Designs low-power high-performance chips for wireless internet devices and networking infrastructure equipments like routers. It has been combined with AMD's own networking, embedded, and wireless chips to form the Connectivity Solutions Section.
Affinegy	1214 W. Sixth Street	Austin	78703	www.affinegy.com	Provide software that transforms complex LAN/WAN configurations into simplified and highly automated environment setups.
Airchalk Wireless	9600 Great Hills Trail, Suite 150W-1555	Austin	78759	www.airchalk.com	Operates a network that enables wireless service providers to buy and sell branded, secure roaming access. The company's goal is total global mobility for the end user.
Alcatel	9430 Research Blvd.	Austin	78759	www.alcatel.com	Helps carriers and service providers deliver content with network equipment. Has ADSL router for WiFi. Based in France. Other Texas offices.
Alereon Inc.	7600 N. Capital of Texas Hwy, Bldg C, Suite 200	Austin	78731	www.alereon.com	Designs chipsets for UWB 802.15.3a for use in consumer electronics and devices.
AnyTime Communications	P.O. Box 866	Cedar Park	78630	www.anytimecommunications.com	Does outsourced networking and installation work. Works with Reunion Wireless. Est. 2001.
Applied Materials	9700 E. Hwy. 290	Austin		www.appliedmaterials.com	Semiconductor applications include wireless. Austin office does R&D and manufacturing. HQ in CA. Est. 1967.
Artemis Wireless Werks	#126 6001 W. Parmer Ln. Suite 370	Austin	78727	www.artemiswerks.com	Services include: training, technical marketing, technical writing, product development. Does a lot of work with software development, such as Java 2 Micro. Customers: Sun Microsystems, Metrowerks, Sony Ericsson.
AZAR Computer Software Services	1200 Regal Row	Austin	78748	www.azarinc.com	Clients for software are cable and satellite companies, including DBS, SMATV, MMDS. Software for accounting, bills, work orders etc. Est. 1979.

Austin Wireless Company Directory

Company	Address	City	Zip	Website	Line of Business
Broadjump/Motive	12515 Research Blvd. Building 5	Austin	78759	www.broadjump.com	Software for cable, DSL, and fixed wireless providers to ease the installation and connection of their services. Customers: Bell South, SBC, Sprint, Time Warner.
Buffalo Technologies	4030 West Braker Lane, Suite 120	Austin	78759	http://www.buffalotech.com/	Provides wired and wireless network solutions for the consumer, SOHO and SMB markets. Buffalo offers home users networking solutions such as AirStation 54g products; its high speed 125Mbps 802.11g Plus products; and its versatile line of 802.11a/b/g combo products.
Caci	8329 N. MoPac Expwy.	Austin	78759	www.caci.com	Has engineering services, system development, WLAN set-up. HQ in VA. Est. 1962. Has a San Antonio office.
Carcomm International	1700 W. Koenig Ln.	Austin	78736	www.carcomm.nl	Also makes antennas and some wireless accessories. HQ in Netherlands. Est. 2002.
CAZITech Consulting		Austin		www.CAZITech.com	
CFX Engineering	2700 Via Fortuna	Austin	78746	www.cfxamerica.com	Est. 1996.
Cirrus Logic	2901 Via Fortuna	Austin	78746	www.cirrus.com	Provides WiFi technology to Motorola. Has Whitecap WLAN product line for home networking and Bodega product line. Recently acquired ShareWave Inc., makers of Whitecap. Est. 1984.
Cisco Systems Inc.	12515 Research Blvd.	Austin	78759	www.cisco.com	Produces WLAN cards, switches, access points, wireless adapters. Est.1984.
Communication Solutions	5510 North IH-35	Austin	78751	www.rockwellcollins.com/comsol/	Uses microwave, RF, and digital signal. Makes receivers, tuners, frequency translators, spectrum survey tools, converters. HQ in IA. Also has office in Richardson, TX.
Computer and Internet Resources	1915 S. Austin Ave. Suite 108	Georgetown	78626	http://www.igg-tx.net/wireless.htm	Local ISP, offers wireless services. Serves the Hill Country, Georgetown.
Connectione	3925 Braker Ln. Suite 324	Austin	78759	www.connectione.com	Sets up WLAN. Sells hardware and software for Blackberry, Palm, Pocket PC, cell, WiFi. Also has office in Houston.
Constant.com	1106 Clayton Ln.	Austin	78723	www.constant.com	Uses DSL to deliver broadband services. NABI Networks, Inc. is parent co.
DBI Plus	802 Siebert Dr.	Kyle	78746	www.dbiplus.com	Applications for antennas include: Bluetooth, LPDA, spectrum monitoring, and wideband. Has specific services for WiFi, cellular, PCS, TDMA users/service providers.Also sells electromagnetic simulation software. Est. 2001
Dell	One Dell Way	Round Rock	78682	www.dell.com	Creates PCs, Pocket PCs, peripherals, and WiFi networking products.
Diarcy Technologies	3804 Tamarack Trail	Austin	78727	www.diarcy.com	Wireless, microwave, RF and antenna design. Est. 1990.
Druma	6633 Highway 290 E. 301	Austin	78723	www.druma.com	Software is for data collection, remote inventory control, meter reading, identification etc. Makes Palmtops compatible with desktops.
ETS Lindgren/EMC Test Systems	1301 Arrow Point Drive	Cedar Park	78613	www.emctest.com	Design and testing for microwave, RF, electromagnetic compliance, and safety systems. Est. ~ 1930. Part of ESCO Technologies Corp.
Fly Technology	108 Wild Basin Road		78746	www.flytechnology.com	
Frog Design	804 Congress Ave.	Austin	78701	www.frogdesign.com	Works with Motorola, and makes designs for consumer electronics and wearable wireless devices, including glasses, ear buds, pens. HQ in CA. Est. 1969.

Austin Wireless Company Directory

Company	Address	City	Zip	Website	Line of Business
Grande Communications	13505 Burnet Rd. 401 Carlson Circle	Austin San Marcos	78727 78666	www.grandecom.com	Texas-based communications company providing residential and business customers with high speed Internet access, local and long distance phone services, and cable services over a single network
Hewlett Packard	12401 Research Blvd.	Austin	78759	www.hp.com	Makes computers, handhelds, personal devices, servers. Merged with Compaq. HQ in CA. Other Texas offices. Wireless networking products. Partners with UT.
Hillcast Technologies	906 E. 5th St., suite 210	Austin	78702	www.hillcast.com	Created Midcast product line for use on 3G, WiFi, and Bluetooth to access finance quotes, news. Partners with cell carriers & device manufacturers. Est. 2000.
IBM		Austin		www.ibm.com	Makes computers, handhelds, personal devices, servers. Austin office does extensive Linux research.
iGillott Research	7070 W.Hwy 71, Suite 340 PMB 386	Austin	78735	www.igillottresearch.com	Gives analysis, advice and recommendations to wireless co.
Intag Communications	5104 Jacobs Creek	Austin	78749	www.intag.com	Networking solutions include WLAN and fixed wireless. Services: design, implement, test and maintain networks. HQ in St. Louis, est. 1979. Austin office is regional office for Southwest.
Integral Signals Processing	P.O. Box 27661	Austin	78755	www.integralsignal.com	
Intel	1501 N. MoPac Expwy., suite 400	Austin	78746	www.intel.com	Developed the Centrino technology for wireless notebooks for WLAN connection. Focus on light weight technologies and various wireless components and processors. Est. 1968.
Isochron Data Corp.	110 Wild Basin Rd. Building 1, suite 320	Austin	78746	www.isochron.com	Has the DataCast platform. Products for wirelessly monitoring vendor products/inventory. Coca-Cola is a big customer. Developing Bluetooth applications too.
Less Networks				www.lessnetworks.com	Works with open source software to create access portal to providers of free WiFi access.
Metrowerks	9801 Metric Blvd.	Austin	78758	www.metrowerks.com	Consulting, training and custom development also available. Uses "CodeWarrior" technology. Est. in 1985, in 1999 became a Motorola subsidiary.
Motion Computing	9433 Bee Caves Rd. Building 1, suite 250	Austin	78733	www.motioncomputing.com	Uses Windows platform and Intel's Centrino. Made to order Tablet PCs and related equipment. Est. 2001.
Motorola	7700 W. Parmer Ln. 3501 Ed Bluestein Blvd. 6501 W. William Cannon	Austin	78729 78721 78735	www.motorola.com	Develops 2-way radios, wireless terminals, canopy wireless broadband, and satellite technology. In Austin office: semi conductors, human resources, microprocessors. Est. 1928
National Instruments	15000 N. MoPac Expwy.	Austin	78759	www.ni.com	Offers RF instrument drivers for tests, and cell phone testers. Est. 1975.

Austin Wireless Company Directory

Company	Address	City	Zip	Website	Line of Business
Netbotz	11044 Research Blvd. Building C, suite 100	Austin	78759	www.netbotz.com	Makes wireless monitoring base stations and accompanying software. WallBotz is product line. For education, healthcare, finance, government, energy and manufacturing. Security against human break-ins and physical problems (humidity, leaks etc.)
OTM Engineering	248 Addie Roy Rd. Suite B-200	Austin	78746	www.otmengineering.com	Services: network design, wireless, cabling, infrastructure, voice systems. Offices located in the other major TX cities.
Pacific Design	9300 Jollyville Road, suite 100	Austin	78759	www.pacificdesign.com	Designs and manufactures carrying cases for PDAs, laptops, and pen tablets. Est. 1995.
Qwest Communications	8303 N. MoPac Expwy	Austin	78759	www.qwest.com	Provides broadband, wireless, and cell services for residents and businesses.
Raak Technologies	608 E. 42nd St.	Austin	78751	www.raaktechnologies.com	Provides network security, authentication, uses Smart Cards
RasTrac	13706 Research Blvd., suite 211	Austin	78750	www.navcomp.com	Software is universal plugins for Windows and various Internet connections to locate vehicles in local or wide area.
Raven Industries	500 Center Ridge Dr. #600	Austin	78753	www.ranvenind.com	Has the Viper guidance and controller system, which is GPS. Has GuideMate product. Works with agriculture and space industries. Est. 1956. HQ in SD.
Reunion Wireless Rich Finney & Associates	104 Crest View Drive	Leander Lakeway	78734	www.richfinney.com	Network design and engineering. Focuses on deploying access to underserved communities. Did the wireless network for Lockhart's community network.
Rocksteady Networks	3410 Fair West Blvd., suite 210	Austin	78731	www.rocksteady.com	Develops software platform that provides dynamic bandwidth management and security enforcement on a user-specific basis, enabling business-critical differentiated services.
SBC Laboratories	9505 Arboretum Blvd.	Austin	78759	www.labs.sbc.com	Develop solutions for markets, technology, and security. Works with UT.
Schlumberger-Sema	8311 Ranch Road 620 N	Austin	78726	www.slb.com	Consulting, networking, and IT services aimed at the energy industry. Also provides smart card technologies. Partners with AT&T wireless, and does WLAN networking.
Sematech	2706 Montopolis Dr.	Austin	78741	www.sematech.com	Global consortium of leading semiconductor manufacturers that represent about half the world's semiconductor production.
Sierra Microwave Technology	1 Sierra Way	Georgetown	78626	www.sierramicrowave.com	Makes filters, switches, adapters for wide frequency bands. Caters to military and space industries. Relocated from CA in 1991 because of lower operating cost. Est. 1985.
Sigma Tel	3815 S. Capital of Texas Hwy., suite 300	Austin	78704	www.sigmatel.com	Has mixed signal solutions for wireless infrared, makes interface wireless products, USB to IrDA.
Silicon Laboratories	7000 W. William Cannon Dr. Building 1& 2	Austin	78735	www.silabs.com	Makes single chip RF synthesizers, cellular handset transceivers, integrated circuits. Est. 1996.

Austin Wireless Company Directory

Company	Address	City	Zip	Website	Line of Business
SoloMio	1011 San Jacinto Blvd., 5th Floor	Austin	78701	www.solomio.com	Has the Smart Call Services Platform, offers caller ID, in-call and missed call services for mobile operators. Goal: for mobile operators to increase revenue per subscriber and offer services to subscribers. Est. 2000. Spin off of Vignette. Customers are European.
Sony Online Entertainment	11940 Jollyville Rd.	Austin	78759	www.sonyonline.com	Created wireless versions of EverQuest. Austin office is a "development studio."
SozoTek, Inc.	3925 West Braker Lane, Suite 400	Austin	78759	www.sozotek.com	SozoTek is a wireless imaging technology company offering solutions to quality problems in camera phone images. SozoTek's server-based image perfection technology and associated services, when applied to the specific problems in camera phone images, pave the way for increased camera phone usage and expanded growth of wireless digital imaging services.
Starlink Inc.	500 Center Ridge Dr., suite 600	Austin	78753	www.starlinkdgps.com	Designs GPS parts, receivers, amps etc. Est. 1993.
Survivor Soft	5109 McIntyre Cir.	Austin	78734	www.survivorsoft.com	Games include: Amaze, Agony, BioBots.
TDK RF Solutions	1101 Cypress Creek Rd.	Cedar Park	78613	www.tdkrfsolutions.com	Designs antennas, components, software, switches, absorbers and test equipment for RF technology. Part of TDK Japan.
Team Smarty Pants	1705 Guadalupe St.	Austin	78701	www.teamsmarty.com	Uses open-source backends to extend Flash and Web-Flash in wireless devices. Specialties include: PocketPC, Smart Phones, SMS etc. Working on an entertainment platform for going from wireless devices to the desktop. Est. 1994.
TechWorks/Buffalo Technology	4030 W. Braker Lane #120	Austin	78759	www.techworks.com www.buffalotech.com	Airstation line includes: antennas, converters, cards, router base, access points, and peripherals. Buffalo is part of Japan's Melco Group. Est. 2000. TechWorks est. 1986.
Telcordia Technologies	106 E. Sixth St. Littlefield Building #415	Austin	78701	www.telcordia.com	Does consulting, engineering, software services. Makes support systems for SBC, Atlantic Bell, wireless providers, cable operators
Tengo Internet	Littlefield Building Center 106 E. 6th St Suite 900	Austin	78701	www.tengointernet.com	Client does their own billing. Available in: TX, FL, CA, AZ. Est. 2000
Teravicta Technologies	2535 Brockton Dr., suite 500	Austin	78758	www.teravicta.com	Spin-off company of Microelectronics and Computer Technology Corp., est. 2000.
Time Warner	12012 N. MoPac Expwy	Austin	78758	www.timewarneraustin.com	Offers Roadrunner, STIC.net, AOL Broadband, and Earthlink. Est. here in 1981.
T-Manage	2111 W. Braker Lane	Austin	78758	www.tmanage.com	Remote networking solutions. VPN and security. Est. 1998.
Tokyo Electron, Texas	2500 Montopolis	Austin	78741	www.telusa.com	Product application include networking, control systems, computer hardware. Austin location is the US HQ and does R&D. All US offices do sales and service for the parent co.
Traq Wireless	8300 N. MoPac Expwy, suite 310	Austin	78759	www.traq.com	Creates individual wireless usage profiles and recommends rate plans, helps enterprises control wireless costs, objective advice. Est. 1999.
Triact Associates Inc.	11121 Calavar Drive	Austin	78726	www.triactassociates.com	Does network set-up, site surveys, management and planning. Also offers project-based and Web development services. Also has a Dallas office. Est. 2002.

Austin Wireless Company Directory

Company	Address	City	Zip	Website	Line of Business
